

2nd Congress on Intelligent Machines and Algorithms (CIMA 2026)

Organized by

National Institute of Technology, Puducherry, India

Certificate of Presentation

This is to certify that

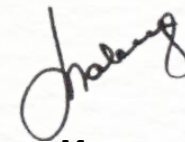

Jai Dayanand

has presented the paper title **Revisiting the Hough Transform: Lightweight Road Detection with Agentic Intelligence** authored by **Jai Dayanand, Omkar Kadam, Akanksha Bhagat, Ritik Dubey** in the 2nd Congress on Intelligent Machines and Algorithms (CIMA 2026) held at National Institute of Technology, Puducherry, India during **May 23-24, 2026**.

Touhid Bhuiyan

Washington University of Science and Technology, USA
(General Chair)

Malaya Kumar Nath

National Institute of Technology Puducherry, Karaikal, India
(General Chair)
